

Information Science and Technology Collection

An InfoTrac collection

Library science students, information science and technology professionals and others will value this collection that is updated daily and covers all aspects of managing and maintaining information and technology, including usability, cataloging, information management, circulation, business information and more. Hundreds of thousands of articles are included from such leading journals as:

- ✓ Bookseller
- ✓ Computers in Libraries
- ✓ Horn Book Magazine
- ✓ Information Management Journal
- ✓ Information Today
- ✓ Journal of Database Management
- ✓ Library Trends
- ✓ Teacher Librarian
- ✓ Wired
- ✓ And more

An *InfoTrac* collection takes the guesswork out of searching. You select the content best suited to your patrons' needs. Users can then quickly identify and retrieve results while enjoying a variety of options:

- Choose from Basic, Subject Guide, Publication or Advanced Search
- Search within results to target specific content
- Support a multilingual community by translating documents on-demand
- Create Search Alerts with RSS Export
- Manage documents in the collection by e-mailing, bookmarking or printing them
- Support the needs of remote researchers by providing 24/7 access
- And much more
