

Learning Express Library Ideas

- Put [up a sign](#) or [a shelf talker](#) where your test-prep books are (or would be if they weren't all checked out).
- Put a link to Learning Express Library on your website. You can download the logo here: http://tntel.tnsos.org/images/LEL_Logo_Vertical.png
- Give a Learning Express Library bookmark to patrons who check out a test-prep book to remind them of the other resources that are available to them.
- Host a practice test in your library! Create generic accounts for people ahead of time, like libraryname1, libraryname2 (it needs to be 6-10 characters long—no email address required). Patrons can get a good sense of how they'll do on the exam and learn what they need to study more.
- Learning Express has posters & bookmarks you can customize, either with a link to the TEL page (www.tntel.info) or your own library's website.
 - Go to <http://www.learningexpresshub.com/administrator>
 - Click on Poster or Bookmark to download
- At that same link, you can find logos and images for each center.
- Be sure other service organizations in your area know about Learning Express Library. It's free for everyone in Tennessee, so they can use it too!
 - Career Centers
 - Guidance Counselors
 - GED classes
